Associate, American College of Foot & Ankle Surgeons

CRYO POST-OPERATIVE CARE

1. Please limit yourself the rest of the day. Try to stay off of your feet as much as possible the next day as well.
2. Keep incision dry for 48 hours.
3. For discomfort, take extra-strength Tylenol or any other type of pain reliever prior to the anesthesia wearing off.
4. If you are still having discomfort or have any other questions, please contact the office at 512-259-3338.

601 E. Whitestone Blvd., Suite 226 – Cedar Park, TX 78613 – (512) 259-FEET (3338) – Fax (512) 528-1472

1103 Rivery Blvd., Suite 255 – Georgetown, TX 78628 – (512) 930-0707 – Fax (512) 930-0705
